The British Periodicals.

PREMIUMS

TO NEW SUBSCRIBERS.

L. SCOTT & CO., New York, continue to publish the following leading British Periodicals, viz:

1
THE LONDON QUARTERLY, (Conservative.)
2
THE EDINBURG REVIEW (Whig.)
3
THE NORTH BRITISH REVIEW (Free Church.)
4
THE WESTMINSTER REVIEW (Liberal)
5
BLACKWOOD'S EDINBURG MAGAZINE (Tory)

THE great and important events—Religious, Political, Military, now agitating the nations of the Old World, give to these publications, an interest and value they never before possessed. They occupy a middle ground between the harsh, unfair views of the opposition press, and the long rumored columns of the newspaper and the pretentious forms of the high many-sixteen long after the living interest in the facts he records shall have passed away. The progress of the Wars in the East occupies a large space in their pages. Every movement is closely criticised, whether of friend or foe, and no short cuts to fabulously quoted unit. The letters from the Crimea and the Battle by Black-wood's Magazine, from the pen of the most popular correspondent, gives a minute intelligible and reliable account of the movements of the belligerents from whatever he heard.

These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory, and Radical,—but politics form only one feature of their character. As Organs of the most profound writers on Science, Literature, Morality, and Religion, they stand as they ever have stood, unrivalled in the world of letters, being considered indispensible to the scholar and the statesman, and, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day, throughout the world, than can be possibly obtained from any other source.

EARLY COPIES.

The receipt of Advance Sheets from the British Publishers gives additional value to these Reprints, especially during the present exciting state of European affairs, inasmuch as they can now be placed in the hands of subscribers about as soon as the original editions.

SPRING FASHIONS. COLLAPSE OF THE HOOPS.—The New York Times, very good authority on the subject of fashion, says that "the peacock sweep of skirts, with their inevitable train of disasters, so much the rage a little while since, have swept themselves clean from the face of the earth. The abominable hooped skirts which flourished ingloriously under the Rachel dynasty, are gone by the board, almost simultaneously with the departure of the actress to a warmer climate. It seems like the clearing of a road through a dense forest, now!

Bonnets are bewitching in their new Spring beauty, composed of silk blend and flowers, put together in the most artistic way. The form is greatly improved—more room in the crown. In short, they are more overcoming as well as becoming to the fair faces, smiling out from the blushing buds and blond frills. Favor seems rather to lean to the full crown—capes very deep—with an over frill of blond; and from between the two, tendrils and leaves of the most delicate grasses and moss peep daintily out as if to make sure that the reign of stern old Winter was over, before presenting their buds and flowers."

The number of Hebrews in the great cities is thus stated; New York 12,000; Philadelphia 2,500; Baltimore 1,800; Charleston 1,500; London 20,000; Amsterdam 25,000; Hamburg 9,000; Berlin 6,000; Warsaw 30,000; Leghorn 10,000; Constantinople 30,000; Jerusalem 6,000; Smyrna 9,000; Hebron 5,000. In Berlin there are 2,000 Christian Hebrews, also some thousands in England. Fifty-eight clergymen of the Church of England are converted Hebrews.

METHODISM IN AMERICA. In 1755, five Methodists settled in the city of New York, and formed the first society in America. In 1855, just a century later, the Methodists in the United States number over four millions of worshippers.

Beautiful extract—helping a young lady out of a mud-puddle.

We learn that several of the citizens are making arrangements for improving the walks of our city, by specimens of high farming among them. Mr. Peers, one of the teachers of our city public schools, has a tract of some fifty acres of land on Stillwater Avenue, on which he has already his good taste in setting out a large number of shade trees, and he is now supplying it with a abundance of manure for future crops. Mr. McQuesten is also putting the large Brown farm near the Rose place in fine order. Sidney Thaxter, Esq. and Albert Emerson, Esq. and many others are making preparations for making the city cow-lands productive and beautiful. Enterprises of this kind will be of public benefit, and is therefore doubly commendable.

MEDICAL ADDRESS.—It will be seen by notice in another column that an Address before the Penobscot Medical Association will be delivered this evening by Dr. Bradbury of Oldtown. Dr. B. is a thorough physician, an able writer, and a good speaker.

THE SCHOOL FRIEND'S MAGAZINE, is a neatly printed and interesting publication for boys and girls,—issued monthly by Dix & Edwards No 10 Park Place, New York. Price $1 per annum. It is now in its eighth volume, and greatly improved.

WISCONSIN. It will be remembered that in Wisconsin the right of Mr. Brastow (Democrat) to continue in the Gubernatorial chair, to which he had been declared elected, was contested by Mr. Bashford the Republican candidate, on the ground of incorrect returns. The Appleton (Wis.) paper says:—

"We learn from undoubted authority that the testimony taken at Waupaca shows one of the most stupendous election frauds on record. That extra town, sent in to the State canvassers with seventy-six votes, contained just three inhabitants. The identity of some men who voted several times at Waupaca will be shown up by legal evidence."

Experiments are now making in California to procure water for gold washing by means of artesian wells. It is believed that this method will be hereafter successfully practised, and that it will in a great measure supersede the expensive canalling. There is no reason to doubt that large supplies of water can be obtained by boring to almost any locality.

Some of the banker papers are rejoicing at the brutal assault made upon Horace Greeley by the Arkansas ruffian in Congress. The Bath Tribune, one of the Scrub Whig organs, says that "*Greeley got no more than his deserts.*" The same class of papers would justify all the Kansas outrages and murders by the Missouri ruffians—if they dared.

I Was Relieved. The sufferer from a cough or cold, or the confirmed consumptive even, gets full value for his outlay, in buying a bottle of this Wild Cherry Balsam. The virtues of Dr. Wistar's discovery cannot be over-estimated.

BRONCHITIS, so prevalent among "protected females," is cured by Devins' Compound Pitch Lozenges, the best remedy extant for all pulmonary complaints. Sold everywhere, at 25 cents a box.

To the Editor of the Whig and Courier.

Extemporaneous.

I was pleased to find, in a recent number of your paper, an article, signed N. L. P., recommending "the holding of citizen's temperance meetings," as they were held almost universally in this State, for the promotion of this cause, and as they may now be held to great advantage in retrogression. I am glad to find that your correspondent agrees with me in this subject, and I hope his recommendation will be heeded. I am fully convinced with him, that we have depended too exclusively on the Prohibitory Law for the suppression of the traffic of intoxicating liquors, and have been too apt to neglect the means, which experience has proved to be the most successful, and may be used again, existing in their influence on the people. The law—prohibitory law, *must* be had and maintained—and meetings must be held, frequently to agitate and insure the execution of the law when necessary, but to exercise a moral influence over the community, in behalf of temperance, I most sincerely hope that the plan proposed will be accepted. No one who is truly a friend to this cause should hesitate to sanction it, or discourage their return to the good old system of means. There will be no difficulty in getting up these meetings, if a resolution is only passed, as it should be, to attend them.

A FRIEND OF TEMPERANCE.

Washington County, Jan. 30.

MR. BARNUM AND HIS ENDARRASSMENTS.—As we understand the facts in regard to the unfortunate entangling alliance between Jerome Clock Company and Mr. Barnum, the latter for the purpose, among other inducements, of establishing a branch of the factory at East Bridgeport, where he was largely interested in land, agreed with the Company to endorse and accept for the amount of $110,000. The notes and drafts endorsed by him were generally in blank as regarded the time they had to run, with the understanding that it to be used in renewals. He finds at last that it is out, with his name on it to over $300,000. If compelled to pay it, it would require a sacrifice of nearly 1,000,000 worth of property as he owns no accomplished or whole assets, we understand, will be offered through the law, and what the result time only can tell. Mr. Barnum, we believe, provides promptly for his own private debts as usual. He has also endorsed for Mr. Leland and Mr. Miller, who are both in the Munn case. When he made the arrangements he supposed he was fully secured, but on examination the assets of the Company are found to be of much less value than estimated. It is doubtful if the concern could have paid its debts fifty cents on the dollar any time in the last three years.—*Tribune.*

GOES TO RUSSIA. You mentioned the fact the other day that Mr. Wise of this city had gone to Russia. Another gentleman had intended going in company with him, a very skillful man in all matters pertaining to the manufacture of projectiles. Something occurred to frustrate his plan, but we have since learned that Mr. Marshall, a citizen of Pittsburg, but late of St. Louis, has taken the place left vacant, and arrived in New York with his family in time to take passage on the Atlantic with Mr. Wade. He will receive $1,800 per annum, with expenses for himself and family paid to St. Petersburg and home again. They will probably remain in Russia until late for 1858.—*Pittsburg Journal.*

A Scorching Letter from a Straight Whig.

We call attention to the following letter from a Straight Whig of Somerset County, published in the Kennebec Journal. It speaks for itself:

SOMERSET COUNTY, Jan. 31, 1856.

The reply of the last Bangor Journal to your charges of the intention of that paper to transfer the straight whigs of Maine over to Nebraska locofocoism, brings me to a full stop. It admonishes me to look about myself and if possible discover if I have been deceived by that paper as to its real object. I am a Whig, call me *straight* if you please; thus far I have been so, but am not to be led *straight* to the devil. I am not to be sold out to Pierce and slavery, as much as I detest the Maine Law so called. I would prefer our statutes might be covered all over with such laws, than to be instrumental in perpetuating the cursed institution of slavery. That paper says, in substance, that they have no idea of going over to slavery and democracy, yet in the same paragraph says it is well known that the old issues of the Whigs have become obsolete and the democrats have been softening down and approximating nearer the old Whig platform; and in this they see a good time coming. I begin to feel they do so. A good time for what? for the editor of that paper to close his long standing contract, to sell himself to slavery and the pro-slavery party. If so, I just ask to be excused, and with a cheerful bow will retire from the field, as a Whig. I had hoped to live and die a Whig. I commenced my political life a Whig, and with the editor of that paper threw my first vote upon the same day and for the same candidates that he threw his first vote, we have labored for one and the same presidential candidates up to this time, also state tickets. If he considers himself a member of the pro-slavery party I must stand still and let parties nominate, and then shall support, not an abolitionist, but a man opposed to the spread of slavery, let him be Whig, Republican or Know-Nothing. That editor and myself were once warm admirers of Henry Clay. Which of us have abandoned him in this respect? A little quotation from that friend of his country might not come amiss. On a certain occasion Mr. Clay said:

"If I could be instrumental in eradicating this deepest stain (Slavery) from the character of my country, and removing all cause of reproach, on account of it, by foreign nations. If I could be instrumental in ridding this foul blot from the State that gave me birth, on that beloved State which adopted me as her son, I would not exchange the proud satisfaction which I should enjoy, for the honor of all the triumphs ever decreed to the most successful conqueror."

Let me ask Mr. Sanborn in all candor what called out such language from that good man as early as 1827? You must stop agitation, is the brunt of his offending on this point. Let us quote again from Clay:

"We are reproached with doing mischief by the agitation of this question (slavery). Collateral consequences we are not responsible for. If you would repress all tendencies towards liberty and ultimate emancipation, you must go back to the era of our liberty and independence, and muzzle the cannon which thunders its annual joyous return; you must revive the Slave trade with all its train of atrocities; you must blow out the moral light around us, and extinguish the greatest torch of all, which America presents to a benighted world, pointing the way to their rights, to their liberties, and their happiness. And when you have achieved all those purposes, your work will yet be incomplete.—You must penetrate the human soul, and eradicate the love of liberty and the light of reason.

Then and not till then, when universal darkness and despair prevail, can you perpetuate slavery and repress all sympathies, and humane and benevolent efforts among free men, in behalf of that unhappy portion of our race doomed to bondage."

Now if the democratic party, places itself upon the platform of slavery extension and the destruction of all barriers in the way of the spread of that cursed institution, which it took such minds as Henry Clay's, to establish; if that is approximating so near the old whig principles of better days that the Editor of the Bangor Journal can fall quietly into their embrace and be content to eat the crumbs that fell from the clerveloth's table, I must now bid him a long farewell, by saying that as he awakes to consciousness and washes off the slime and filth of locofocoism (which he used to talk to me so fluently of,) he will find to his sorrow, that a large majority of the 10,000 whigs of Maine, especially that part of them of Somerset, are honest, and will not be polluted with such nonsense as is contained in his last issue, which paper has done more to open the eyes of its readers as to his real aim, than all opposition presses together, and I further assure the gentleman that he no longer need use any concerted efforts to cover his base retreat from liberty, from political honesty, and from his life long pledges.

ONE ALWAYS A WHIG UP TO THE SITTING OF THE PRESENT LEGISLATURE.

A FEAT OF MAGIC.—The Khan of Elizabethpol had a ring of extraordinary value, which contained a talisman. Once he lost this out of the ring, and all his efforts to find it were unavailing. A Tartar woman, celebrated for her sorcery, was summoned; she declared that a virgin should be called in, and ordered her to sit down in the middle of the room, with a dish of water placed before her; then with a large white cloth she covered both the maiden and the vessel, and commanded the former to look into the water without turning round; she next seated herself behind the girl and from a book she brought with her read various incantations. After a while she asked the maiden what she saw, "I see women in long red garments." "Let them pass." Then she muttered her incantation again, and inquired, "What do you see now?" "I see women on horse back, in green dresses." was the reply. "Let them pass." A pause she repeated the question. "I see men in blue raiment." "Let them pass." Once more there was a muttering of spells. "What do you now behold?" "Maidens in white flowing garments." "Ask them where the most stone is to be found." "They answer, in the garden of the Khan." Then the witch went into the garden, divided into seven parts, and began her incantations afresh; after which she fixed upon one of the seven parts and divided it into three, repeating the division until only one tree remained; this she also divided into three, until only one branch was left, at last only one leaf, and under this the talisman was found.—*Transcaucasia.*

A RICH DISCOVERY.—The "Down East Company," who are at work in the Table Mountain, nearly opposite Tuolumne, struck through the "iron rock" on Saturday last, when a large body of water gushed out, driving the workmen from the tunnel. In a short time, however, the water subsided, when the men went in and found they had struck upon a surprisingly rich lead. The [illegible] could be discovered in large quantities diffused through the gravel. It played at the rate of sixteen ounces to a wheelbarrow full of dirt—eight or ten buckets to the wheelbarrow full.—*Sonora Herald.*

FIRE IN CARTHAGE.—We learn from a correspondent, that the Mills known as the "Parker Mills," in Carthage, were destroyed by fire on Friday, the 25th inst. Loss about $1500. It is not known whether there was any insurance or not.

Holloway's Ointment and Pills, a certain cure for Scald Heads, Henry, 19, Maria, 10, and John Ames, of Apalachicola, Florida, were all three afflicted with this disagreeable malady. Charts in particular was in a wretched plight with it, and although there were many remedies tried, yet the malady did not seem to decrease, indeed the disease spread itself all over the surface of the head, to the great annoyance of the parents and disconsolation of the child. The blood of the others was equally impure. At last the parents put the three under a course of Holloway's Ointment and Pills, which cured them all in the space of nineteen days. Their health has since considerably improved. These remedies are also wonderfully efficacious in all diseases of the skin.

CURED BY OXYGENATED BITTERS.

A CASE OF EIGHTEEN YEARS' STANDING.

From Pitcherly Homer, Esq., of Boston.

BOSTON, September 28.

Dear Sir:—I am now eighteen years since I was first troubled with the water-brash and derangement of the stomach. I have taken advice of the best physicians in this city and New York, in London, Paris, Germany and Italy, and visited the several spiritual and other springs in this country, the watering places of Germany and elsewhere in Europe, and had found no relief. Since taking the Bitters I have never had a return of the water brash, which daily troubled me for years, to a very great degree. Having found so great relief from this most delightful remedy, I have recommended a trial of your medicine to many of my friends, who are now using it to great advantage. What little is in my scope to offer in extending the circulation of your oxygenated Bitters, will be done with great pleasure at all times.

Yours, respectfully,
FITZHENRY HOMER.

Congressional.

WASHINGTON, Feb. 6.

SENATE. Mr. Clayton introduced a resolution appropriating 200 cords of wood to the suffering poor of Washington, to be paid for out of the contingent fund.

Messrs. Hunter and Toombs regarded it as a perversion of that fund.

Mr. Clay moved as an amendment, that the wood be paid for out of the per diem of members in equal proportions.

Mr. Toombs preferring to be his own almoner, moved an amendment that the wood be paid for from the per diem of members voting for the resolution.

Mr. Weller hoped Senators would individually contribute for the relief of the poor, and on his motion, the resolution was laid on the table by seven majority.

Mr. Weller introduced a bill authorizing the coinage at San Francisco of unions of the value of $100, and half unions of the value of $50, made conformably to the standard for gold coins, and to be received as legal tender.

The consideration of the Central American question was then resumed.

Mr. Foot, although not an admirer of Mr. Buchanan, eulogized the argument of that gentleman regarding his construction of the Clayton-Bulwer treaty, as of consummate ability.—The assurance of the treaty requires of her majesty's government the immediate withdrawal from any actual occupancy of or dominion over any portion of the Musquito territory or sea coast, by virtue of a pretended protectorate. The claims of England over Central America and the Bay Islands being founded on no right of discovery, conquest, purchase or treaty, her occupation of the territory was a clear case of forcible entry and detainer, and per right the same that a highwayman has to pursue an unarmed traveller. He maintained that the honor of the country, no less than its interest, demands that we shall insist on England's fulfilling her treaty stipulations. The idea of yielding to the pretensions of that government, and allowing her to evade its plain provisions, is not to be thought of a moment. He proposed that a direct Congressional declaration be made of our construction of the treaty, and of our purpose to enforce the obligations resulting from that construction. If this prove unavailing, and after negotiation shall have been exhausted, he would entertain a proposition similar to that suggested by Mr. Seward, namely: to give England official and formal notice that she must withdraw from her Central American occupations by a given day. If, then, she still holds on and disregards all our summons, he would have her removed by force of arms.—Let England understand that we are in earnest about this, and that it is not a second edition of 1840 or 46, and then backing down to 49. If after so much forbearance war comes, let it come. We shall be justified both by God and man.

Mr. Wilson obtained the floor, and the Senate adjourned.

HOUSE.—The resolution declaring Mr. Glenbrenner Sergeant-at-Arms was then adopted by 103 against 98.

Mr. Sherman offered a resolution declaring Nathan Darling Doot-Keeper of the House.—Adopted by 119 against 85.

Mr. Campbell, of Pennsylvania, offered a resolution declaring Robert Morris Post Master. Adopted 108 against 97.

The rules of the last House were adopted till otherwise ordered.

On motion of Mr. Wheeler, there was ordered to be paid out of the Contingent Fund to John W. Forney, late Clerk, who presided over the House during its disorganization, $8 per day in addition to his regular salary from Dec. 3d to Feb. 4th.

Mr. Bingham offered a resolution declaring O. Follett, of Columbus, Printer to the House, pending which the House adjourned.

American State Council of Mass.

BOSTON, Feb. 6.

The American State Council of Massachusetts met in this city this afternoon, about 200 Delegates being in attendance. The Council chose Elisha C. Barker, President of the Senate, and A. A. Richmond, of Adams, Delegate at large to the National Convention at Philadelphia.

Hon. Timothy Davis, M. C. of Gloucester, and Joseph Thaxter, of Plymouth, were elected substitutes. The 12 Delegates to the National Convention were also chosen as Delegates to the American National Council, which holds a special meeting at Philadelphia on the 16th Feb. After considerable debate, the Council declined to instruct their Delegates to the National Convention as to their course, but, as a State, reaffirmed the Springfield platform.

Party Movements in New Hampshire.

CONCORD, N. H., Feb. 6.

The American State Convention to-day was attended by about 500 delegates. Gov. Metcalf was re-nominated by acclamation, and Greenleaf Cummings of Lisbon was chosen candidate for Railroad Commissioner.

The mass meeting held in the afternoon was largely attended. John P. Hale, Amos Tuck, and G. W. Nesmith were among the speakers.

The Democrats anticipate a great rally on Thursday next, when John B. Weller of Ohio, Howell Cobb of Georgia, and J. L. Orr of So. Carolina are expected to hold forth.

Republican Demonstration.

Yesterday at noon the loud-mouthed cannon in our city, gave a salute in approbation of the triumph which freedom has gained in the election of Hon. N. P. Banks, of Massachusetts, Speaker of the House of Representatives.

Last evening, agreeably to a notice issued yesterday morning, the Republicans of this city assembled at the City Hall, to notice, in a public manner, the victory of the free States in the election of Mr. Banks, after a long struggle, and in devotion to high-minded principle. The meeting was numerously attended and was called to order by the Hon. Franklin Muzzy, and Hon. Elijah L. Hamlen appointed Chairman, and Jeremiah Ferno, Esq., Secretary.

Mr. Hamlin was enthusiastically greeted on taking the Chair, and addressed the meeting in a speech of great force and vivacity, which was highly applauded.

George W. Ingersoll, Esq., Hon. Franklin Muzzy, Abner R. Hallowell, Joseph Bartlett, and Henry E. Prentiss, Esqs, were appointed a committee to report resolutions expressive of the sense of the meeting.

The committee retired, and Hon. Edward Kent was called out and addressed the meeting in an extended speech, in which he reviewed very thoroughly the history of the slave power, and the present position, purposes and prospects of the Republican party. But our limits will not enable us to give even a synopsis of the argument.

The committee, through Joseph Bartlett Esq., reported a series of appropriate resolutions which were unanimously adopted; but the publication of which we must defer until to-morrow.

Speeches were made by Joseph Bartlett Esq., and by the Hon. Franklin Muzzy, in which honorable notice was taken of the efforts of the Republican Members of Congress, and particularly those from Maine, and among them our own talented Washburn.

The meeting continued until a late hour, and closed by three hearty cheers for Speaker Banks, three for Hon. Israel Washburn Jr., and three for the Republican cause.

Detention of Railroad Trains.—The

Boston Journal of yesterday, says that the day previous was a hard one for railroads. On part of the roads the snow blew in upon the track almost as fast as it was shoveled out, so that every train had to carry a shoveling gang. The New York train due at Boston Monday morning at 3 o'clock, arrived at 4 P. M.—13 hours behind time. The succeeding train was also greatly behind time. The different trains on the Boston and Providence road were very irregular. One of the men on the freight train whose his ears quite badly. On the Eastern Railroad the morning trains were much impeded. The snow in some places was two feet in depth on the track. The morning trains did not venture a passage over the Saugus Branch.

About one Hundred of the citizens of Newport arrived in this city yesterday forenoon on the cars of the Penobscot and Kennebec Railroad, on a pleasure excursion. They perambulated the city, saw whatever was to be seen, heard the roar of artillery fired in honor of Mr Banks' election to the Speakership and returned homeward by the afternoon train.

A CARD.

In answer to inquiries and to silence false impressions proceeding from rivalry concerning my acquirements, I herewith publish the following certificate.

J. G. WASGATT.

Bangor, Jan. 29, 1856

To all whom it may concern.—I. G. Wasgatt of Bangor, State of Maine, for two consecutive seasons was a pupil in my Academy, and received instruction in the following most approved fashionable dances of the day, viz: Polka, Schottische, Polka Redowa, Polka Mazourka, and Quadrilles, in which he was particularly careful to acquire the *great mark of distinction* between the old stage and the modern Saloon or Parlor styles—the latter style being free from those pretensions which are now discountenanced by a correct and cultivated taste.

ZILWAUKIE, SAGINAW CO., MICH.

THE following described property will be disposed of at Public Auction, at the *Merchants' Exchange, in the City of New York*, on THURSDAY, the 28th of February, 1856, at noon, unless previously disposed of at private sale, by order of the Assignees

First—One large Steam Saw Mill, known as the Gang or Mammoth Mill, about 60 by 122, including a gang of 21 saws; 2 muly saws, with siding and edging machines; engine room about 30 by 75 feet. The whole driven by the most powerful engine on the river.

Second—The Mill known as the Shepherd Mill, of about 42 by 60 feet, consisting of two muly saws and edging machines; this mill is said to be equal to any mill of its size on Saginaw river. Both of the above mills are in good repair, with large and commodious Wharfs, Lumber Cars, Railways, Booms, in fact all the necessary appointments of first class mills. The above mills were in operation for about three or four months the last season, and gave the utmost satisfaction in regard to the quantity and quality of lumber cut.

Third—About 400 Village Lots in the village of Zilwaukie, in which there is a large Hotel 40 by 60 feet, two stories high; a new Store 40 by 60 feet; Office and Boarding House, and a number of other Dwellings to accommodate the families of those employed in the mills, and the general business wants of the place.

Zilwaukie is situated on the left bank of the Saginaw, 14 miles from its mouth, and five miles below the county seat of Saginaw County, with which it is connected by a good road. The location is considered healthy; less sickness has prevailed in that than any other village on the river, according to the population since its settlement; it is at the head of navigation for loaded vessels bound from or to the Lakes, and is considered one of the best points for manufacturing lumber on the river.

Also, about 500 acres of good Farming Land on Cass River, in Tuscola Co.

For further particulars apply to Dr. CHARLES T. DISBROW, East Saginaw, Mich., or
ROBT. CARNEY, and ALEX. M. LAWRENCE, Assignees, No. 11 South William street, New York.

HELMBOLD'S GENUINE PREPARATIONS.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Buchu

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Nervous Diseases, Obstructions, Female Complaints,

and all Diseases of the Sexual Organs, whether in MALE OR FEMALE,

from whatever cause they may have originated, and *No Matter of How Long Standing.*

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing a

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can cure yourself; and thus prevent all exposure.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity.*—And as a medicine which must benefit everybody, from the sickly delicate to the confined and despairing invalid, its equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, impurities and improprieties in life, chronic constitutional diseases arising from an impure state of the Blood, and the only reliable and effectual remedy known for the cure of Syphilis, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced during which time they have been extensively used in every part of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual has adopted.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the ignorance and unskillful management of these unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public and to the faculty, that there should be standard preparations of uniform strength, and possessing the most advantages. To effect this, and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonfuls of the Extract Sarsaparilla added to a pint of water, sweetened with Lisbon sugar, and one bottle carefully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

HAS ARRIVED!

The Voluntary Testimony of Living Witnesses is that

Hayes' Allied Ointment, and Humor Syrup,

IS the BEST MEDICINE ever offered to the public for the Cure of all Humors.

It has stood the test of more than seven years, and in offering it to the public we are not ignorant of its operation. We know it to be the greatest ALLEVIATOR OF PAIN that SUFFERING was ever introduced to any kind of disease, and really one of the greatest blessings to mankind ever before the public, as we can show by the evidence of living witnesses.

Read the following—it speaks for itself.

LAWRENCE, June 16, 1854.

We, the undersigned, Citizens of Lawrence, having used the Vegetable Allied Ointment prepared by Dr. E. D. Hayes, and sold by his agent, Mr. Hay, of Portland, take the Doctor, feel pleasure in adding our testimony to all the Doctor claims for his medicine. Unlike other remedies in the market, this ointment performs its effect speedily and with certainty. The Ointment we have used with the most happy result, after vainly seeking relief by the free use of Sharp's Liniment, Salves, ect., ect.

Our experience fully justifies us in confidently recommending it as the article, and the only one known to us as performing all it claims.

A. S. BENNETT, A. WATERS & SON,

SIT THOMPSON, ASA T. SANBORN.

IT CURES

The Salt Rheum, Scrofula, Erysipelas, White Leprosy Cancerous Humors, Rash, Worm, Scald Head, Burn and Scald, Chilblains, Piles, (a positive cure,) Sore Nipples, Barbers' Itch, Fever Sores and all old Ulcerated Sores however long standing. It removes all those vexatious Pimples, Eruptions and Spots of Mildew from the face, leaving the skin perfectly soft and smooth, adding great purity to the beauty of complexion. Never, in one case, will it leave the least mark or scar. It will draw humors from the Stomach, Lungs, Throat, and from the Head and Eyes, by an outward application. Humphreys' Ointment works wonderfully, where the eyes are troubled with humors, by removing the difficulty, and restoring the sight.

Hayes' Pile Ointment,

A Certain CURE for PILES and all External Irritations. Directions on the bottle. Price 50.

KENNEDY'S

DISCOVERY

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of bile.

Two bottles are warranted to cure the worst case in the mouth and stomach.

Three to five bottles are warranted to cure the worst cases of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure saltrheum.

Five to eight bottles will cure the very worst cases of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted, when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day is, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system: yet it is now a fixed fact! If you have a humor it has to start. There are no ifs nor ands about it, nothing some cases but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old to people of sixty, and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been dostive for years; and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very unusual feelings, but you must not be alarmed—they always disappear in from four days to a week.—There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get and enough of it.

ROXBURY, Sept. 19, 1855.

This is to certify that H. H. HAY, Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE; and that he is supplied with the GENUINE, direct from my Laboratory.

TESTIMONY FROM MAINE.

Capt. Daniel Abbott, Brooklin, Maine, July 16, 1853, says: "I was taken sick one year ago last April, upon my passage from Havana to Charleston, S.C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper, saw your advertisement, of "Hoofland's German Bitters" in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man—and have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co, Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and rather breast. From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years.—She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK.

Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.

INHALATION

—FOR THE—

Cure of Consumption

Dr. Ira Warren's New Remedy.

THE most astonishing cures of long Diseases have been effected by the use of Dr Warren's

Inhaling Balm.

A vaporized preparation, for inhaling, into the lungs, *where the local disease is located*. BALM is presented with the fullest confidence that it is the best medicinal agent ever proved for the cure of Consumption and Asthma. Numerous certificates of those who have been benefitted materially benefitted by this medicine, may be seen in the hands of agents. It has accomplished more wonderful cures in the city of Boston, than any other remedy, and is producing an unprecedented sensation of the lungs never before witnessed by the medical profession.

It has restored to health thousands who, in every case, had made rapid and fearful advances, and where other remedies had proved worse than useless, and in advance, and in every case, must be accompanied by the use of the inhaler.

Dr. Warren's Inhaling Balm, is entirely vegetable, and contains no poisonous drugs, and will not injure the most delicate female or child. It penetrates every particle of the lungs, and by its healing and aggreative, while its vaporized form is wonderful. The *Vapor Inhaler* is made of rubber and glass, and is admirably adapted to its use.

We invite the closest inspection and scrutiny of physicians, confident that our preparations will meet with universal approval.

Pulmonic Cherry Cordial.

Supports the stomach and improves the appetite, while it acts as a physic, it also acts as a tonic, and by its combined action it is the most effectual remedy ever offered to the public for the cure of Consumption, Coughs, Colds, Asthma, Bronchitis, Hoarseness, Croup, Whooping Cough, Influenza, Pain in the Side, Back and Breast, Spitting of Blood, Night Sweats, Liver Complaint, Dyspepsia, Want of Appetite, Debility, Nervousness, Sick Headache, Female Weakness, Irregularities, Pain in the Limbs, Joints and Back, Fevers of all kinds, Fever and Ague, Fever Sores, Erysipelas, Scrofula, Humors, Pimples on the Face, Blotches, Worms, Dropsy, Rheumatism, Neuralgia, Tic Doloreux, Female Complaints, Stone and Gravel, Secondary Symptoms, Mercurial Diseases, Piles, Inflammation of the Kidneys, Ulceration of the Bladder, Retention and Incontinence of Urine, Diseases of the Urethra, all Chronic Diseases, and Diseases arising from Impure Blood.

Dr. Ira Warren's Compound of Pure Cod Liver Oil, Lime & Sugar of Milk.

The great value of Cod Liver Oil, and its use in Consumption is now generally known. This preparation corrects a bad stomach, and thereby enables the patient to take sufficient quantities to effect a cure in this disease by imparting the growth to the blood and cell resulting, and thereby for Consumption, from the union of animal matter with the oil, thereby rendering the whole easy of digestion. The Phosphate of lime is the principal ingredient in the bones, and the same ingredient is required to promote the same growth of bone, through the medium of the blood, and the animal matter of the Cod Liver Oil.

The Sugar of Milk, manufactured expressly for the object, is used in the place of loaf sugar, as it contains the whey of milk, which is a specific for Consumption, and being a powerful nutrient in weak lungs, and having a powerful affinity for bringing the oil into the system, makes it a valuable ingredient in the compound. Combining much of the nutritious properties of the Cod Liver Oil, and supplying the deficiencies of the blood, and strengthening the lungs, renders this preparation the most perfect ever offered to the public for the cure of Consumption.

In conducting a large hospital practice for *Consumption and Lung Diseases*, Dr. Warren's attention was directed to the deficiencies of the Cod Liver Oil, and the combination will be found a valuable remedy, and is highly approved by the medical profession, and after a trial of the same, will recommend it to the people generally.
